

Regular Maxi

FOR LARGE-BREED ADULT DOGS

SATISFACTION MAXI REGULAR is specially formulated for adult dogs (from 2 to 7 years) of large breeds (over 25 kg). With a high content of fresh chicken and rice, ingredients that are highly digestible and appetising, it is the ideal food for a healthy and balanced diet. The large kibbles are an ideal size for the jaws of larger dogs.

Benefits

-It is very important that dogs grow without any excess weight to avoid potential obesity in the future. The L-Carnitine helps to convert fat into energy, avoiding any potential build-up of fat.

-The high protein and energy content is essential for the faster growth rate of small breeds, which reach adult size in just 6 months.

-The Taurine helps to ensure a healthy heart and good vision.

- Combined, Glucosamine and Chondroitin sulphate help to protect joints by regenerating cartilage and preventing wear.

-The Bioflavonoids, cellular antioxidants (vitamins C and E) that come from citrus fruits, encourage the development of a strong and healthy immune system.

Ingredients

Fresh chicken (20%), dehydrated poultry proteins, rice (18%), corn, brown rice, corn gluten, poultry fat, beet pulp, brewer's yeast, hydrolysed animal proteins, sunflower oil, mineral substances, citrus extracts source of bioflavonoids (0.17%), glucosamine hydrochloride (500 mg/kg), chondroitin sulphate (380 mg/kg).
