

# Addiction Senior/Light

Perfect diet for adult dogs with obesity problems, as well as elderly or castrated dogs.

The hugely appetising and digestible nature of this food makes it the perfect diet **adult dogs with obesity problems, as well as for the maintenance of elderly or castrated dogs**, whose physical activity is more reduced, which together with possible hormonal disorders, makes them more likely to become overweight. The formula, with reduced energy content and higher in fibre, satiates the dog's appetite whilst helping to combat their weight problem.

## Benefits

❖ A balanced supply of calcium and phosphorus assures an optimum development of the skeleton in the stage of growth.

❖ Additional contribution of vitamin complex of Vitamin E that improves performance, strength and vitality for the heart and prevents the formation of blood clots.

❖ The high digestible nature and quality of the ingredients contributed to maintain your dog healthy, with beetroot pulp.

❖ Addiction Senior/Light due to it's high contains of fibre, proteins and low calorie contribution allows to control and loss of weight of the dog. While ensuring at the same time muscle, bone structure and coat in perfected health status.

❖ Vitamin complex that strengthens the immune system.
