

MAXX REGULAR

Complete and balanced food for dogs with normal activity. It complies with the protein and energetic standards established by the AAFCO (American Association of Feed Control Officials), and the NRC (National Research council) as necessary for adult dogs

INGREDIENTS

- ← **Meat meal (mín. 40% of chicken)**
- ← **Corn**
- ← **Wheat**
- ← **Oils and fats**
- ← **Mineral corrector**

AVERAGE ANALYSIS

| | | | |
|---------------------------|------|------------------|-------|
| HUMIDITY _____ | 8% | CRUDE ASH _____ | 9, 5% |
| CRUDE PROTEIN _____ | 24% | CALCIUM _____ | 2, 2% |
| GROSS OILS AND FATS _____ | 10% | PHOSPHORUS _____ | 1, 2% |
| CRUDE FIBRE _____ | 2.5% | | |

The relation between the percentage of protein and fat in **CROQUETTES REGULAR** is that which the dog requires to cover his daily maintenance needs. These needs vary with age, physiology, weather conditions, etc. so we manufacture different feeds for each of these situations.
